THE PURPOSE OF THE BI-SC MILITARY TRAINING AND EXERCISE PROGRAMME (MTEP) IS TO DEVELOP, SCHEDULE, SYNCHRONISE AND PUBLISH THE **APPROVED** NATO MILITARY TRAINING AND EXERCISE PROGRAMME.

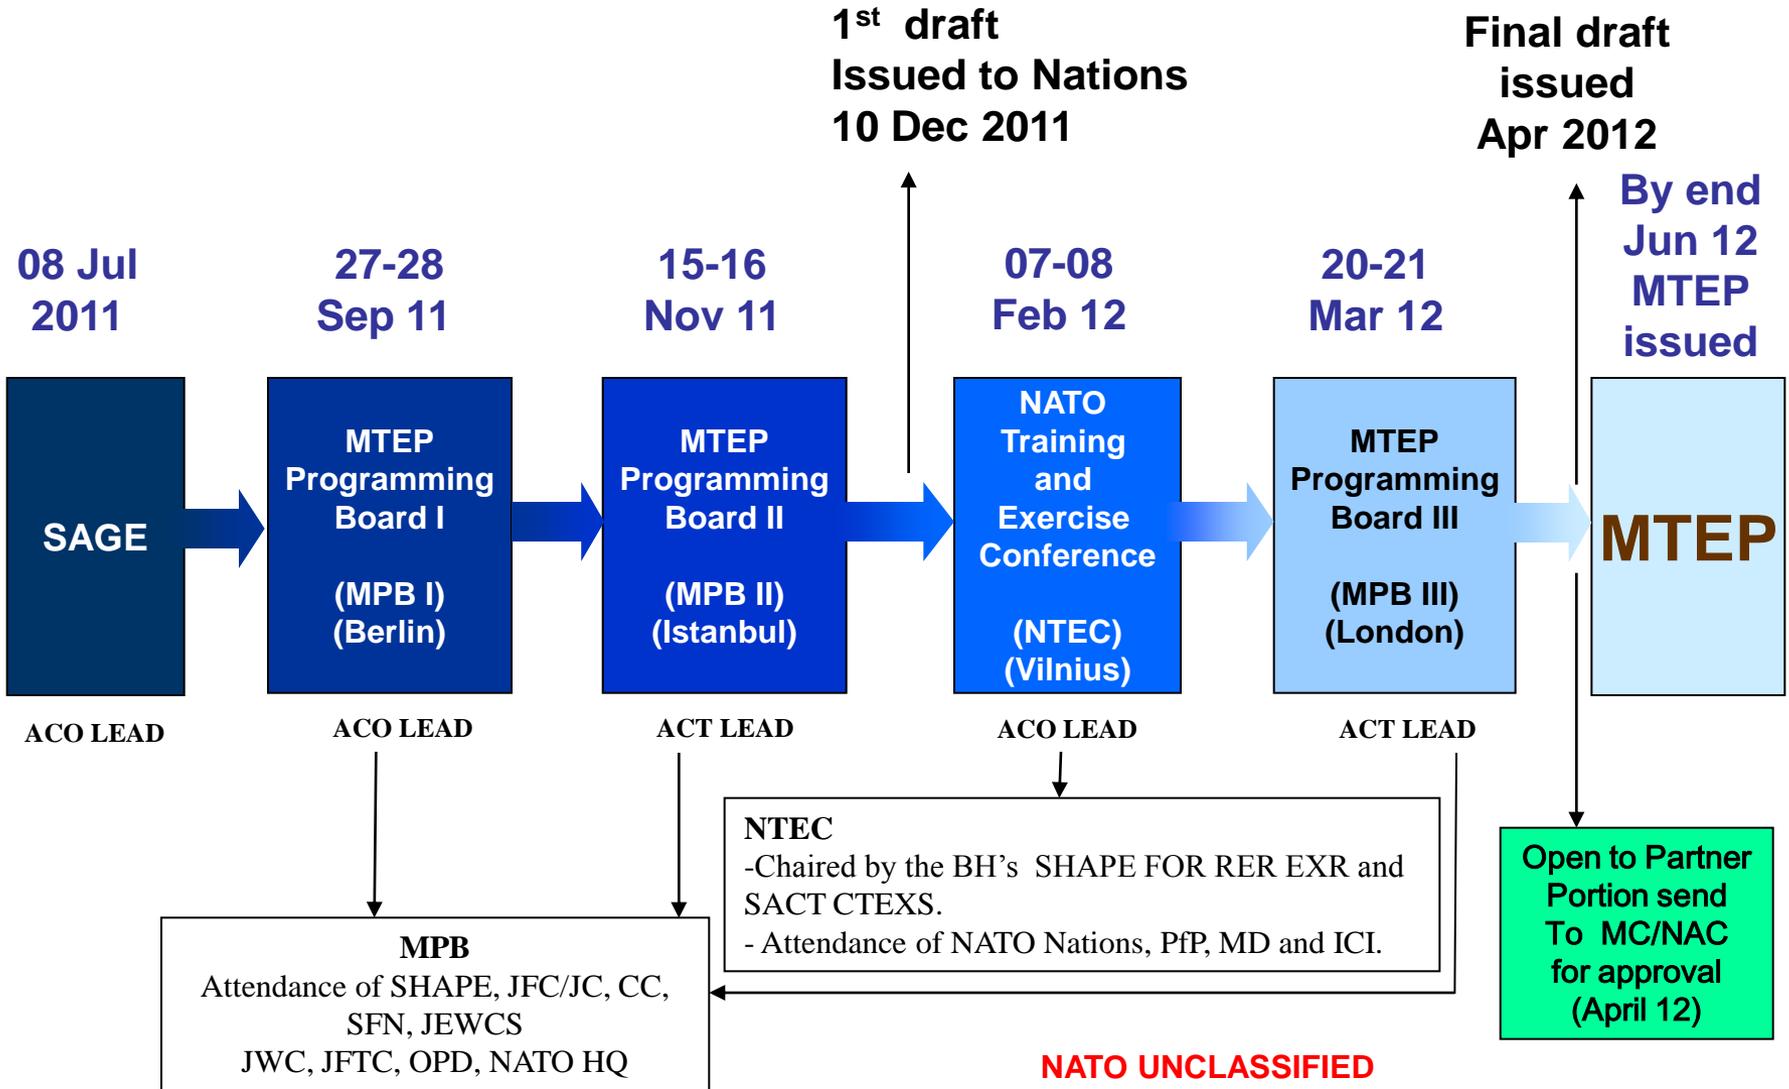

MTEP

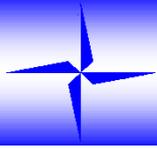

- It is published **annually**, covers a period of **five years** and includes exercises with non-NATO members
- The first **two** years provide **detailed info** about the planned exercises
- The following **three** years give an **outline** of the expected programme
- The electronic MTEP (eMTEP) on the NATO Secret Wide Area Network contains the same information
- Information provided in MTEP and eMTEP provides the start point for the exercise process and particularly the allocation of resources
- Is **fully coordinated** with the Medium term Financial Plan (MTFP) for the same period

Exercise Aim and Objectives

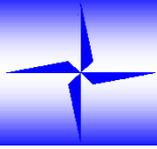

Exercise Aim

“train and exercise *test* JFCLB as a Deployed Joint HQ* in commanding and controlling NATO Command Structure and NATO Force Structure (NFS) Component Commands in order to provide lessons for the implementation of the new NCS ”

Note: For NRF 17 and SFJT12, JFCLB is developing the DJCE structure (concept) in order to operate as a deployed Operational HQ.

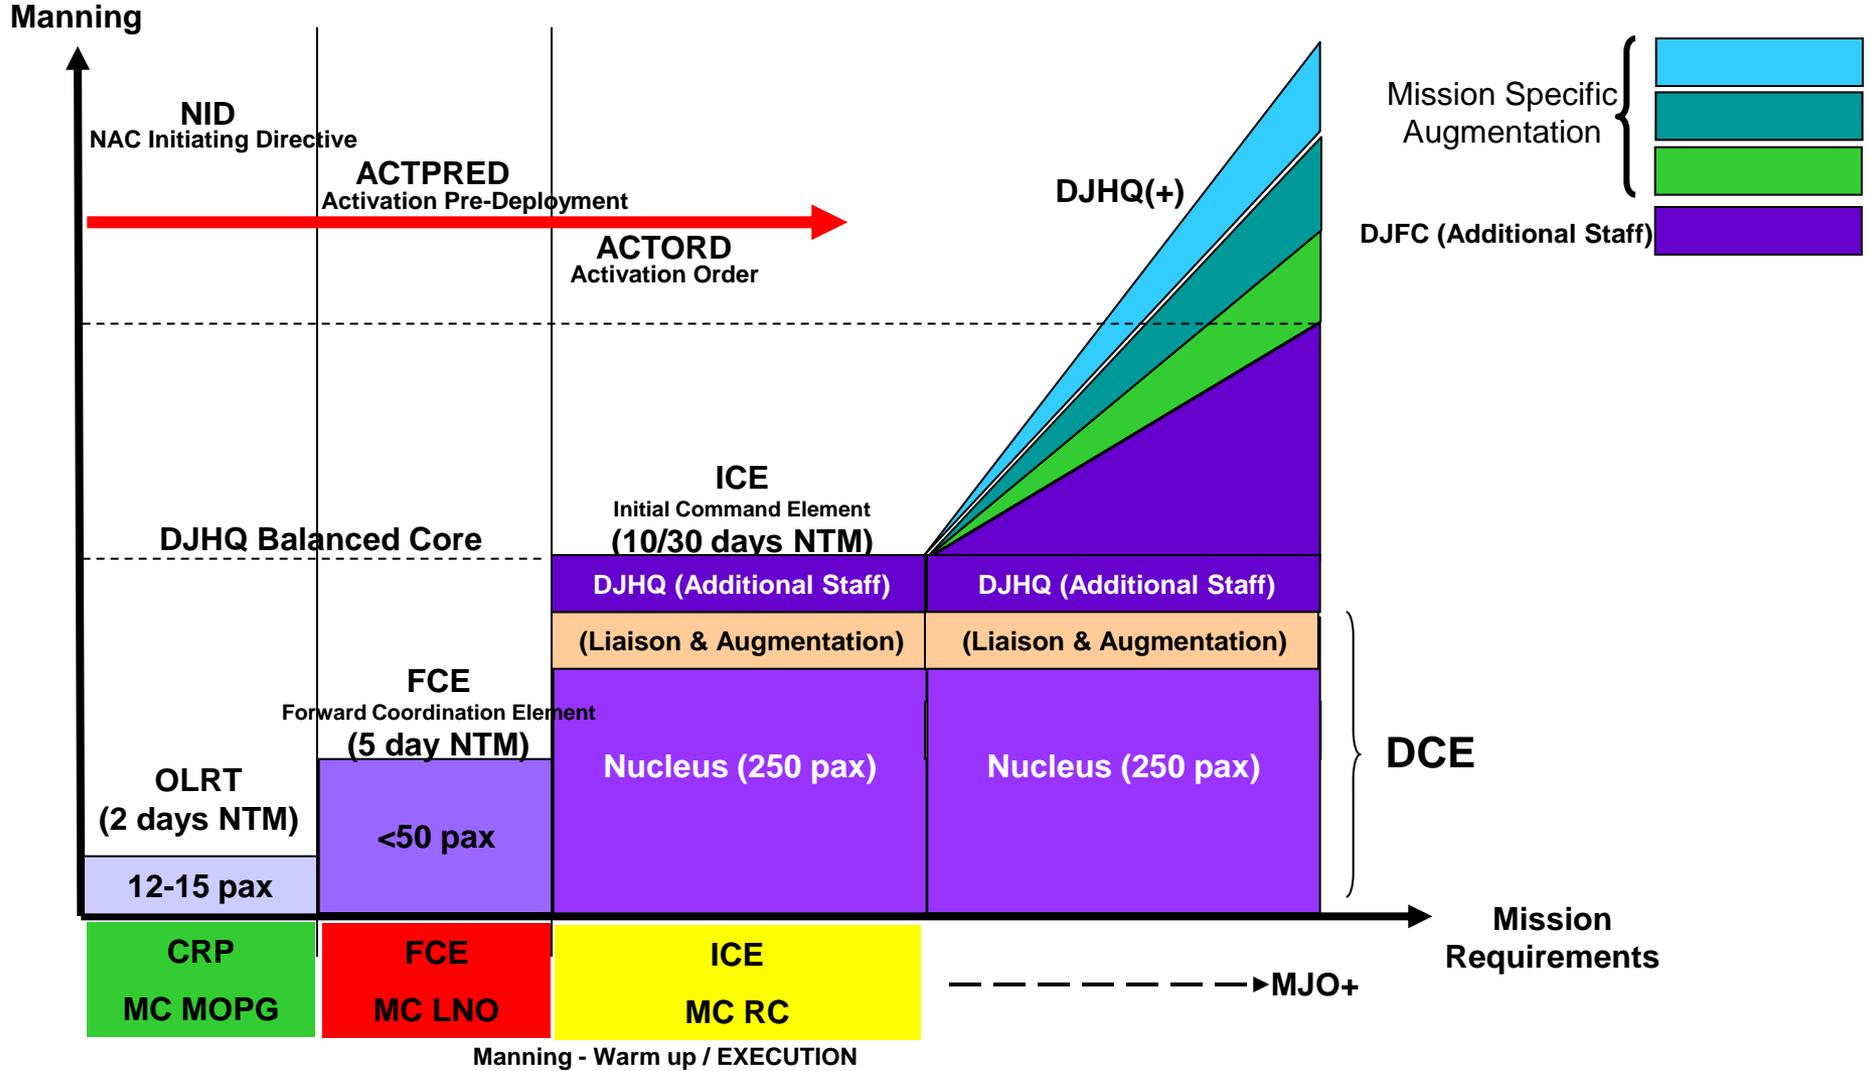

Further defined in the Exercise Objectives:

- (1) To train and exercise JFCLB to command and control a multinational deployed force planning and executing a NATO-led Crisis Response type Small Joint Operation (SJO), within a complex military, civilian and asymmetrical environment.
- (2) To test and validate the manner in which a JF HQ, can plan, command and control a crisis Response type SJO within a complex military, civilian and asymmetrical environment

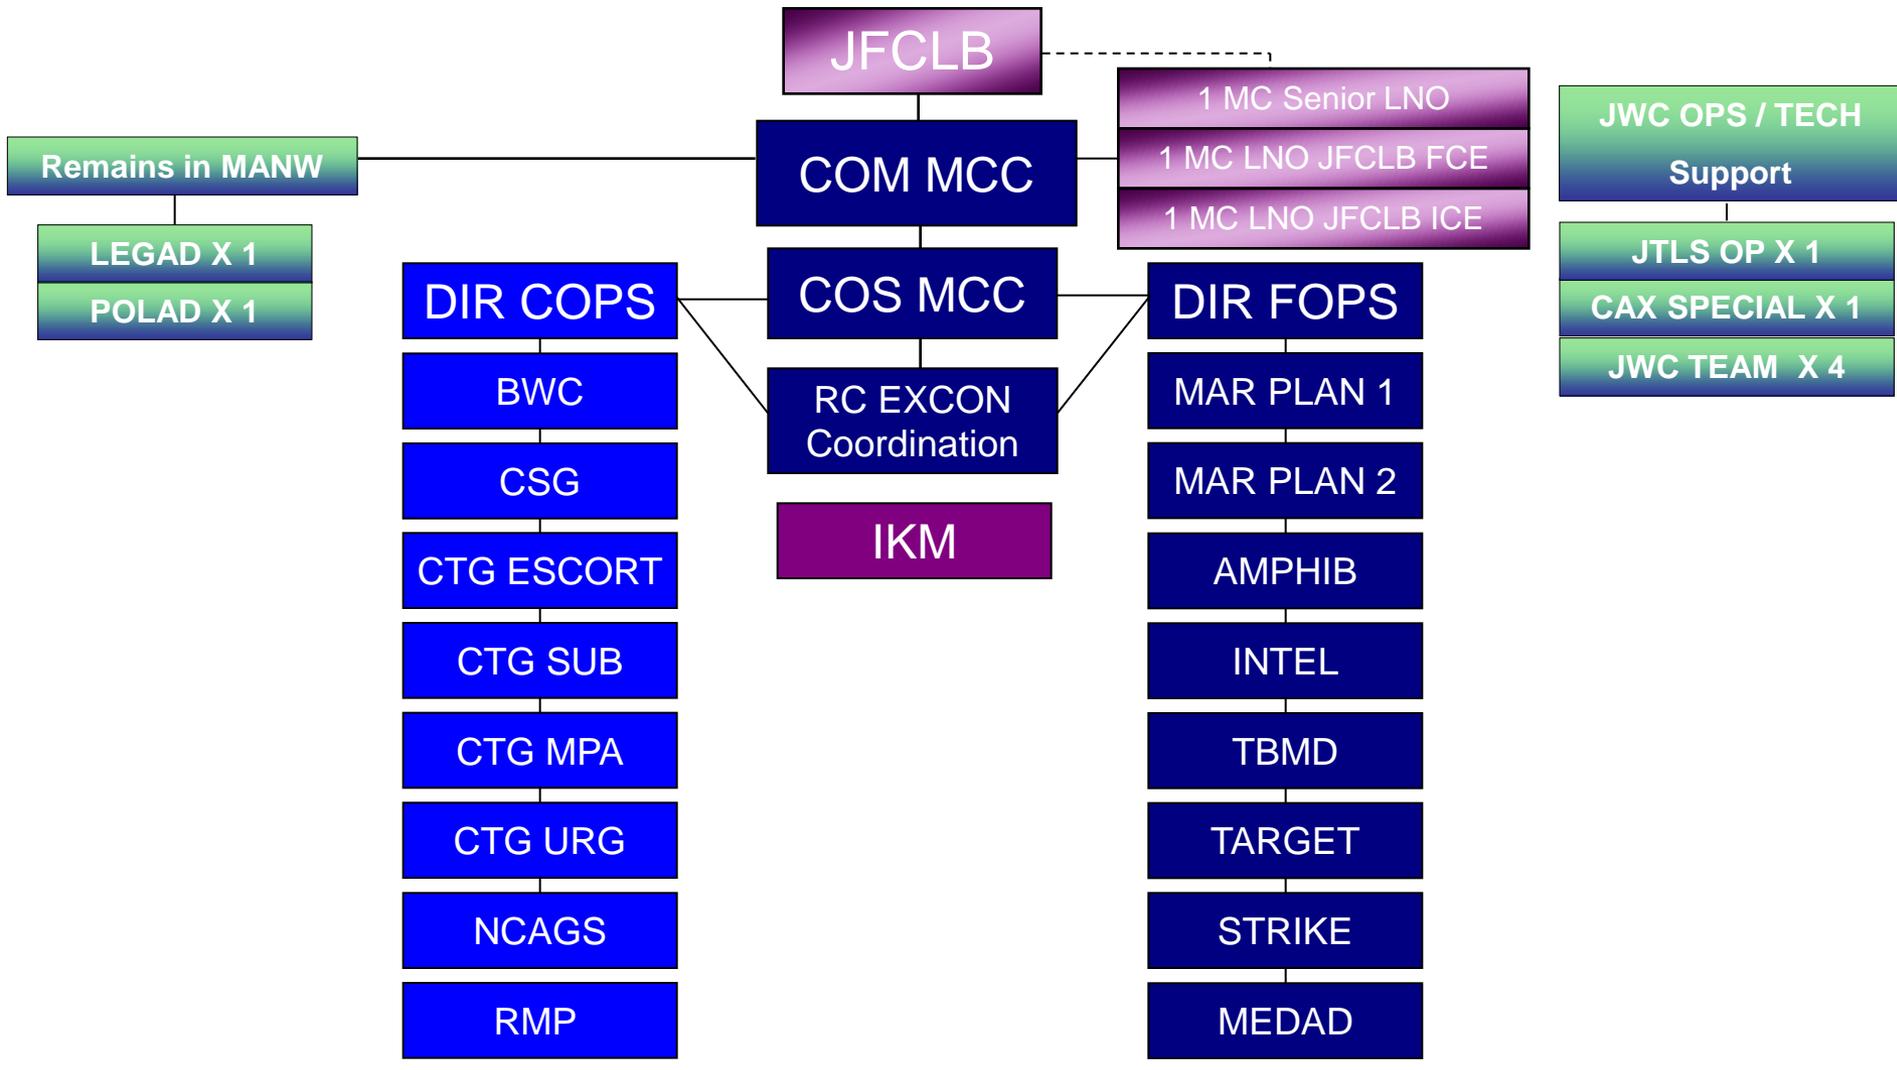

Graduated Deployment Model

The Concept to be tested!
